

SPRAYER EXTREME, HIGH PRESSURE, 10LITRES

Part No
3615S

TECHNICAL DATA

SPRAYER EXTREME, HIGH PRESSURE, 10LITRES

High-Pressure Compression Sprayer, for forming oil, vehicle cleaning with mildly caustic cleaning agents. Durable stainless steel tank with acid-resistant plastic inside, for extra resistance, Viton seals, special oil hose that is flexible at low temperatures, 50 cm continuously rotatable brass spray wand, fine special flat spray nozzle with fine filter. Pressure is generated by using the hand pump can also be filled with compressed air from an external line.

TECHNICAL DATA

Part No	3615S
Maximum pressure	0,6 (6) MPa (bar)
Volume	10 l
Weight (Gross)	5,43 kg
H.S. Code	73102990
